

WELCOME

Welcome to Larson Eye Center, Ltd., your complete medical and surgical eye care specialists. Since 1984 we have been providing our patients with personalized and attentive eye care. It is our professional commitment and personal goal to see that you and your family receive the highest quality eye care possible.

Commitment to Quality

Our physicians are board-certified and have received the highest quality training in the field of Ophthalmology.

Many of our physicians are also sub-specialists that have received additional fellowship training making them experts in their individual specialties.

Commitment to Education

Our doctors believe in continuing education to stay in the forefront of Ophthalmology.

Larson Eye Center is a clinical site for Hinsdale Hospital's Family Practice Residency Program and Triton College's Ophthalmic Technician Program.

We invest in educating our staff to become ambassadors for our practice and our patients.

We take pride in educating our patients with customized brochures, videos, lectures and a comprehensive website.

Commitment to Technology

We offer the latest advances in diagnostic technology and surgical options to our patients.

Larson Eye Center is proud to be the first practice in the Chicagoland area to offer the Epi-LASIK technology.

Commitment to Community

Larson Eye Center is committed to educating our community through free seminars and lectures.

As active members of our local Chambers of Commerce, we participate in many community events.

We are proud that our patient referrals come mainly from other physicians and current patients.
