A Larson Eye Center, Ltd. Newsletter  
April - June 2009

## Coming Soon...Late Summer 2009!

Larson Eye Center is excited to announce that we're moving our Downers Grove location. Our brand new building is located at 4958 Forest Avenue in downtown Downers Grove. This new office, at the corner of Forest and Warren, will offer more patient exam rooms, extended hours for your convenience and a spacious, full-service optical shop. As always, we will continue to offer comprehensive medical exams, contact lens exams, minor cosmetic procedures and diagnostic testing in both office locations.

Be sure to drive by during construction to see our progress! We'll also be posting pictures on our web site at [www.larsoneyecenter.com](http://www.larsoneyecenter.com), as well as our Facebook page.

### Services Available At Our New Location:

- Comprehensive Eye Exams
- Laser Vision Correction (LASIK)
- Cataract Surgery
- Pediatric General and Surgical Eye Care
- Plastic Surgery of the Eye - Eyelid Rejuvenation
- BOTOX, Restylane, Perlane, Latisse
- Complete Contact Lens Clinic
- Full-Service Optical Shop

### May We Present...

**Neha Iyengar, M.D.**  
*Comprehensive Ophthalmology  
Cataract Surgery*

Dr. Iyengar received her medical degree from New York Medical College, Valhalla, NY in 2000. She then performed her Internship at the Baylor College of Medicine in Houston, TX. Dr. Iyengar completed her Ophthalmology Residency at the University of Chicago, Department of Ophthalmology and Visual Science in 2004.

Dr. Iyengar is a Board Certified Ophthalmologist in private practice since 2004. She has a special interest in small incision cataract surgery.

### Celebrating 10 Years Of LASIK Success!

Please join us in congratulating Dr. Bruce Larson as he celebrates 10 years of performing LASIK surgery at Larson Eye Center.

If you are interested in LASIK, or any of the other Laser Vision Correction procedures we offer, call us to schedule an appointment with Dr. Larson for a FREE consultation.

For more information on the procedures we offer, and to see photos and videos of these procedures, visit our website at [www.larsoneyecenter.com](http://www.larsoneyecenter.com).
